Intervention of Roosevelt In Strike May Be Sought

LABOR AIDE PLANS RETURN TO CAPITAL

Discussion of Pacific Coast Difficulty May Be Heard at Cabinet Session Next Week—Danger of Food Shortage in Alaska Mounts.

Washington, Nov. 6. (A-P)—Possible intervention by the Government in the maritime strike that has tied up West Coast shipping and seriously interfered with East Coast traffic hinged Friday on conferences between President Roosevelt and the Maritime Commission and Secretary of Labor Perkins.

PASSAGE TO LEAVE COAST

San Francisco, Nov. 6. (A-P)—The Pacific Coast's general maritime strike went into its second week Friday with no signs of a break in its paralyzing grip.

Spokesmen for both sides expressed belief that intervention by President Roosevelt was necessary to bring relief to a situation which saw renewed fears of food shortage in Alaska and Hawaii, partially isolated by the strike.

White House sources said in Washington that Secretary Perkins might report on the strike at the regular cabinet session. At Hyde Park, N. Y., a presidential secretary emphasized the meeting was not called to discuss the walkout.

McGrady indicated he would return here the moment it seemed evident he could accomplish peace moves.

Alaskans, fearing a food shortage, were reported bombarding the White House with telegrams asking aid. The steamer Northland, with 200 tons of food supplies aboard, sailed from Juneau for Seattle after efforts to unload her were successful.

UNITED HELD AT HARROLD FOR MRS. FRED D. LITTLE

Funeral services for Mrs. Fred D. Little, 54, were conducted Thursday afternoon in the Harrold Methodist Church by Rev. Stout, Methodist minister of Perrin, Texas. T. G. McCord of Vernon, principal of the L. G. Hawkins School and a Church of Christ minister, assisted. Interment in the East View Cemetery was directed by the Underwood Funeral Home.

Mrs. Little, a lifetime resident of Wilbarger County, died Wednesday night at her home in Harrold following serious illness of six weeks. Surviving are the husband, a son, two daughters, two brothers, a sister and three grandchildren.

Afternoon periods at the Harrold schools and the Hawkins school of Vernon were dismissed. Miss Janet Little, a daughter, is a teacher in the Hawkins school.

Pall bearers were W. H. Holt, Sam Vaughn, L. Quisenberry, J. W. Starnes, J. O. Houtchens and W. W. Oliver.

FARMERS INVITED TO FURROW DEMONSTRATION

A furrow-damming demonstration will be conducted Friday, Nov. 13, on the Judd farm, five and one-half miles southeast of Vernon. J. W. Kennedy, W. P. Ramsey and J. W. Lee of Oklahoma will conduct the demonstration from 10 a. m. to 2:30 p. m. with equipment they recently patented.

Attached to any type of lister, the equipment can be adjusted to throw up dams in the lister furrow six to 12 feet apart, the men stated. Plans for manufacture of the "furrow-damers" have not been completed.

DETOUR NORTH OF VERNON OPENS TO TRAFFIC

A gravel detour connecting State Highways 5 and 23 north of Pease River has been completed and is now open to traffic. The detour is four and one-half miles long and will be used by Highway 23 traffic north of Vernon until the new \$181,000 bridge across the river, two miles north of Vernon is completed.

Construction on the bridge is scheduled to start soon. Three miles of road were gravelled in connection with the recent detour work by the maintenance division of the Highway department. One-half mile of new right-of-way was required. Three new bridges were constructed and others widened. The project was under the supervision of O. W. Garrett, maintenance foreman in Wilbarger County.

In the event of damage to the Highway 5 bridge, the detour will serve as an all-weather emergency route for traffic on that highway, when the new No. 23 bridge is completed.

ASPHALT PROJECT IS NEAR COMPLETION ON HIGHWAY 23

Work of placing single asphalt surface on 10.4 miles of Highway 23 south of Vernon will be completed this week if weather conditions are favorable, according to present indications.

The asphalt project started 7.1 miles south of Vernon, where present pavement ends, and proceeds to point about three miles south of Beaver Creek. The remainder of the highway to the Baylor County line, about 6.5 miles, has a sandstone base which is being covered with a gravel surface. The Highway Department has not made arrangements to place asphalt on this part of the highway. Relief workers are now engaged in placing a gravel base on Highway 23 in Baylor County from Mabelle to the Wilbarger line.

COMMUNIST AND FASCIST RIFT IN FRANCE EMPHASIZED BY ACCUSATIONS BEFORE SENATE

Paris, Nov. 6. (A-P)—French Fascists and Communists accused each other Friday of attempting to influence the army and navy in a revolutionary plot against Premier Leon Blum's Socialist government.

FIRST REBEL SHELLS STRIKE CAPITAL CITY

Fighting Between Civil Guards and Militiamen in Streets Reported—Britain and France Appeal to Madrid Leaders To Protect Civilians.

(By The Associated Press)
The first insurgent shells exploded Friday in the heart of Madrid. The toll of casualties and property damage was not immediately known. Terrified citizens deserted the streets to take shelter in buildings and cellars.

Fighting between rebellious civil and assault guards and government militiamen in the streets of Madrid was reported in Lisbon, Portugal.

The assertions, which were not confirmed, said the insurgent movement in the capital started in the Casa de Campo district and spread through the principal streets.

In a savage attack with bayonets and hand grenades Fascist troops captured El Cerro de Los Angeles ("The Hill of the Angels"), two miles southeast of Foz de. An undetermined number of grimly resisting government militiamen were killed and scores of others were captured.

In London it was learned Great Britain had asked the Spanish insurgent Junta at Burgos to confine its bombings to purely military objectives.

Madrid's women stood shoulder-to-shoulder with the men in a "human wall" against the onslaught of fierce-fighting Moors at the gate of the capital.

Desperate authorities exhorted all able-bodied men to organize for the defense, warning that the services of women and workmen were "the only way" to save Madrid.

Advancing sources in London said Great Britain was worried for the safety of its own nationals and Madrid's native population.

The London Daily Mail said Britain and France had joined in an 11th hour appeal to the Madrid government to reach some sort of an arrangement with Gen. Francisco Franco, insurgent commander, to avert slaughter of Madrid's civil population.

Advancing insurgent troops were temporarily halted at suburban Carabanchel by battalions of Socialist men and women fighting to save the capital.

Artillery battles between Fascist and government batteries continued to fill the air with blasting shells on Madrid's outskirts.

Direct advances from the Spanish capital, however, denied two earlier reports that insurgent shells were falling in the heart of the city and rebellious guards were fighting militiamen in the streets.

Fascist combat planes circled over sections of the capital, however, machine-gunning government recruits drilling along Castellana Boulevard. Only a few were wounded.

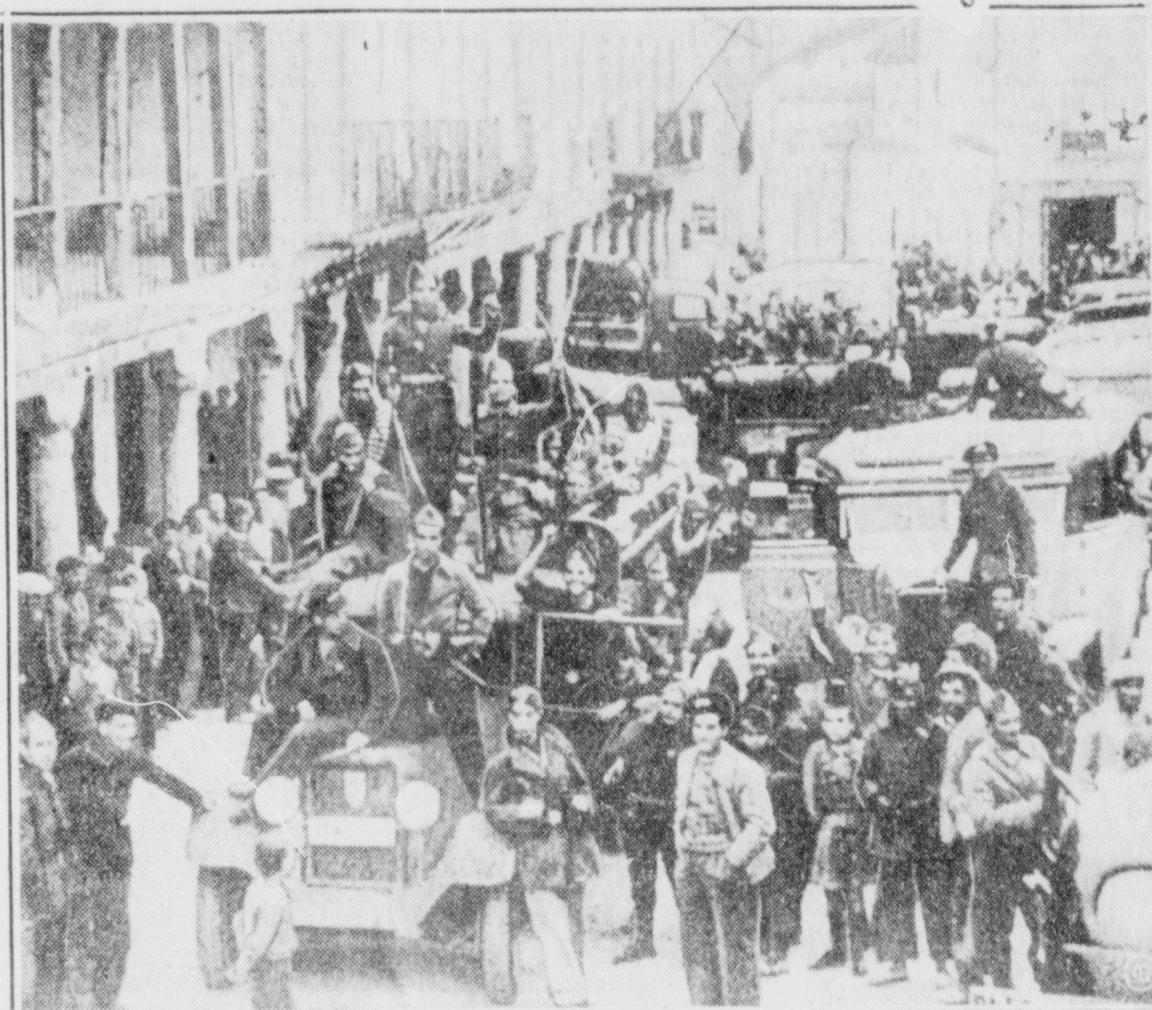

An official report declared two additional insurgent planes were shot down during sky fights in the Alcala De Henares and Leganes sectors.

Although a complete survey has not been made, Chunn says, the supply seems very large. About 150,000 cubic yards have been mined to a depth of approximately 25 feet at one place for road building.

DEADLINE IS NEAR FOR CITY BALLOT POSITION

Today will offer candidates their final opportunity to file for a position on the ballot to be used in connection with the special city election held Nov. 16. The election was called Oct. 13 by the City Commission for the purpose of filling the vacancy created by the resignation of B. Daniel as Commissioner No. 3. Mr. Daniel resigned to become superintendent of the City Water and Street Departments. His term was to have ended in April, 1937. J. V. Owen is the only person who has announced as a candidate to fill the vacancy.

On Way To Face Rebel Guns Menacing N

Closer and closer the rebel forces move on Madrid. Hour by hour the Spanish capital comes more closely to resemble an armed camp. Few young men appear in the streets except as members of the armed forces. Squads are busy in the streets erecting barricades, bomb-proofing cellars against the new feared attack by victorious insurgents. And the streets, each day and night to the rumble of trucks loaded, like those pictured, with soldiers and munitions being rushed to the front for the desperate defense of Madrid.

COMPENSATION LAW APPROVED

FEDERAL SECURITY BOARD
ACTS ON NEW TEXAS LAW
SIGNED OCT. 27

Washington, Nov. 6. (A-P)—The Social Security Board approved Thursday the new Texas unemployment compensation law and placed the State in position to apply to the Federal Government for compensation grants under the Social Security Act.

The Board said it found the law, signed by Governor Allred on Oct. 27, fully complied with requirements of the national social security act.

GRAVEL DEPOSIT FOUND NEAR SAN SABA PRAISED

Brownwood, Nov. 6. (A-P)—Billie Chunn, county engineer of San Saba County, reports the presence of a deposit of gravel near San Saba "practically as good as asphalt" for road paving.

"It is the only gravel of the type in the United States so far as we have been able to learn," he says.

The deposit is in "Holman's ridge," and mainly on the ranch of W. W. Holman, one of the oldest in this region. The hills in the ridge, forming an eight-mile chain about 200 feet high and a mile wide, appear to be composed of solid gravel, Chunn says.

Although a complete survey has not been made, Chunn says, the supply seems very large. About 150,000 cubic yards have been mined to a depth of approximately 25 feet at one place for road building.

Meal for Legionnaires.

Cameron, Nov. 6. (A-P)—The Cameron American Legion Post will furnish all county Legionnaires a free dinner on Armistice Day maintaining an unbroken record since its organization. Dr. Frederick M. Brook of Waco will be the chief speaker.

GINNINGS PASS 8,000 BALES IN COUNTY'S PLANTS

Two-thirds or more of the estimated 1936 cotton crop in Wilbarger County has been ginned, according to reports from 15 of the county's 16 gins. Estimates of ginner indicated a cotton crop of 11,000 to 12,000 bales is expected this year. To date 8,000 bales have been ginned. This represents a gain of 1,296 bales over last week's total of 6,704 bales, but is 5,609 bales less than had been ginned at this time last year.

The totals are as follows:

MADRID GOVERNMENT APPEALS TO POPULACE TO BEAR ARMS

Madrid, Nov. 6.—At the end of a day of horror in Madrid, during which rebel batteries shelled the city and aircraft bombed and raked its streets with machine-gun fire, the hard-pressed Madrid government appealed Thursday to the entire population, including women, to take up arms.

The government, expecting a battle Friday which might decide the fate of the city, ordered all militiamen into the important Carabanchel sector.

DOWNTOWN SHOOTING IS
FATAL FOR SUSPECT
AND WITNESS

Tulsa, Okla., Nov. 6. — Albert Yewell, a furniture company employee, and James E. Moore, an itinerant wanted by police for forgery, were killed Thursday night in a shooting affray in downtown Tulsa.

The shooting occurred when Police Officer W. M. Clark attempted to place Moore under arrest in a downtown drug store. Moore shot Clark, who is not expected to live, through the abdomen and fled down an alley. Yewell, working in back of the store where he was employed, was shot by Moore who apparently thought he was attempting to prevent his escape. Police surrounded Moore in the alley and he was shot by Officers Earl Beddo and Bert Champion. William Riley, a Negro employed by a drug store, was shot in the knee.

HALEY'S POSITION IS QUESTION FOR FUTURE

Austin, Nov. 5. (A-P)—Dr. H. Y. Benedict, president of the University of Texas, said Thursday that whether J. Everett Haley again would occupy a position with the school was "a question for the future to answer."

Haley was Texas director of the ill-fated campaign of the Jeffersonian Democrats to defeat President Roosevelt. He formerly had been in the university's bureau of social science research.

EDEN GIVES VIEWS ON FRIENDSHIP WITH NAZIS

London, Nov. 6. (A-P)—Foreign Secretary Anthony Eden told a cheering House of Commons Thursday that Great Britain desires friendship with Germany only on the condition that such a friendship does not exclude other nations.

Hinting his Majesty's Government looks with disfavor on an apparent German desire to rope off Russia from Western Europe, Eden declared: "Such a friendship cannot be exclusive; it cannot be directed against anyone else."

QUESTION ON CONSTITUTIONAL CHANGES UNANSWERED AS PLAN FOR BUENOS AIRES TRIP MADE

Washington, Nov. 6. (A-P)—The question of whether a constitutional amendment would be proposed to carry out some of the New Deal's objectives went unanswered Friday as President Roosevelt laughingly parried with inquirers at his press conference.

He asked newsmen who crowded around his desk why spoil an otherwise happy day. Mr. Roosevelt met reporters in the executive mansion a short while after receiving an uproarious welcome upon his return to the Capital.

When another correspondent asked if he would wait until the Supreme Court ruled on pending New Deal measures before submitting his recommendations to Congress, the chief executive again repeated with a smile that this day should be made a holiday.

He did, however, say he was considering making a speedy trip to Buenos Aires for the opening day of the Inter-American peace conference which convenes Dec. 1.

The President said he had given no thought to new cabinet appointments, or to the question of filling other important posts now vacant.

He said he was starting in on the new budget Saturday with Daniel W. Bell, acting director of the budget, and that this work would constitute his principal task in the next week, going over estimates with department heads and other officials.

The chief executive said he probably would reach a definite decision on the Buenos Aires trip next week. He said he did not go to South America, he said he would take a leisurely cruise in Caribbean waters for a fishing trip lasting some two and one-half weeks.

Whichever voyage he makes, the President will travel on the cruiser Indianapolis, which is now sailing by Baltimore and which will leave from Charleston, S. C., with the presidential party.

In following either plan, he would leave Charleston on Nov. 17 or 18, with the cruiser Chester acting as escort to the Indianapolis.

If the President decides to go to Buenos Aires, he said he would stay only one day there—the opening day of the peace conference which he himself indicated to strengthen the peace machinery of the Western Hemisphere.

He said he would proceed straight from Charleston to Trinidad, where the Indianapolis would stop only long enough to take on fuel, then steam straight to Buenos Aires and probably make a second stop somewhere in Brazil for more fuel. His tentative schedule calls for his arrival in the Argentine Capital on Dec. 1. He would leave there the next day and steam straight back to Charleston, arriving about Dec. 13 or 14.

The President stepped into the arms of an unassuming welcome as he came "home," victorious from the election campaign wars.

Members of his cabinet, others high in the New Deal, thousands upon thousands of Government workers, school children, and non-Government working men and women crowded into a festooned railroad station and along flag draped Pennsylvania Avenue to cheer a chief executive who had declared he came back to "try to balance the budget, thereby carrying out the first campaign pledge."

DALLAS MAN IS FATALLY INJURED NEAR WICHITA

Wichita Falls, Nov. 6.—W. Lloyd Nichols, 37, of Dallas, was fatally injured about 6:30 o'clock Thursday night when struck by an automobile while hitch-hiking three miles from Wichita Falls on the Iowa Park road. Nichols died shortly after being brought to a Wichita Falls hospital by Floyd C. Garner, driver of the machine which struck Nichols.

Nichols was unconscious when brought to the hospital and remained in that condition until he died.

The accident occurred at a curve in the road when Garner's car was sideswiped by another car and trailer which did not stop. Officers had not located its driver Thursday night.

Inquiries were referred to campaign speeches and the Democratic platform for light on what President Roosevelt might say. It was recalled by some that he praised NRA as an instrument of progress. While calling the emergency over, he was clearly mindful of the heavy relief burden and the necessity for reducing the ranks of an estimated 11,000,000 unemployed if the budget-balancing he promised was to be realized.

The Democratic platform pledged to seek a "clarifying amendment" to the Constitution, unless ways could be found to handle wage and hour problems and ban "unfair business practices" within the Constitution as it stands. The amendment would be designed to give the required power to Congress and the State governments, "each within its proper jurisdiction."

STRIKERS ARRESTED BY POLICE IN TEXAS CITIES

Galveston, Nov. 6. (A-P)—Police in two Texas gulf port cities took action Thursday in the strike of seamen in this section.

Chief of Police H. F. Baker of Port Arthur ordered his men to arrest all pickets and "floaters" after Galveston police arrested 38 pickets.

Chief Baker said he would not countenance any further unauthorized picketing.

The Galveston arrests were made on orders of Chief of Police Tony Medina. The men were taken in groups on the western waterfront section of the city.

ARMISTICE DAY PROGRAM SET

JOHN LEE SMITH WILL SPEAK AT MORNING PROGRAM HERE

Armistice Day in Vernon next Wednesday will be featured with a program from 10 a. m. to 11 a. m. in the Vernon Theater with John Lee Smith of Throckmorton as the principal speaker. The public is urged to attend.

Mr. Smith is regarded as one of the most forceful speakers in West Texas and has long been prominent in Legion activities of the State. Plans for the program are under the direction of J. S. Armstrong, commander of the Vernon post of the American Legion, and Mrs. Oscar Burke, president of the Legion Auxiliary.

Indications are that most of Vernon's business establishments will be closed for the day. A large number of citizens here will attend the Quana-Vernon football game at Quana in the afternoon.

Miss Vera Culbertson of Hamilton is spending two weeks in the home of Mr. and Mrs. C. Culbertson. She is a sister of Mr. Culbertson.

SECURITY ACT FORMS READY

REGISTRATION OF U. S. WORKERS TO START ON NOV. 24

Washington, Nov. 6. (AP)—The long-planned registration of 26,000,000 workers for old age pension accounts under the Social Security Act will begin Nov. 16.

Making the announcement Friday, post offices would distribute to employers on that date a form known as the "employer's application for identification number." Each employer will be asked how many are in his employ, and the employees in turn will begin receiving blanks labeled "application for social security account number" on Nov. 24. Each employee will receive a card, with a warning printed thereon to preserve it because "it shows the account number used in keeping records of your social security benefit rights under Federal and State laws."

The board urged both employers and employees, as well as the public, to refrain from making inquiries either at the board or post offices concerning their respective parts in the plan until after receipt of the official forms and instructions. After that, it was said, postal authorities and board representatives will be available to render all assistance necessary.

In the accounts, the persons eligible for pensions will commence next Jan. 1 the storing up of pensions which will go to them at the age of 65, in amounts depending on what their wages have been.

POST OFFICE ANNOUNCES PLANS FOR COOPERATION

Vernon post office officials have been notified that the Post Office Department will cooperate to the fullest extent with the Social Security Board in the delivery and collection of employer's applications for identification numbers, according to an announcement by John B. Hardin, Vernon Postmaster.

On Nov. 16 or as soon thereafter as possible, according to Mr. Hardin, the applications for identification numbers will be delivered to every employer with one or more employees under 65 years of age on his pay roll.

"It is requested," said Mr. Hardin, "that employers see that the forms are filled out as soon as possible and that they be returned to the Post Office not later than Nov. 21."

SCOUT REPORT FEATURES MEETING OF LIONS CLUB

Included on the program at the weekly luncheon of the Vernon Lions Club Friday in the banquet room of the Faith Cafe was a report on activities during the past year of the Lions Club Boy Scout troop by Scoutmaster J. H. Rudy. Mr. Rudy was introduced by C. H. Price, chairman of the program committee.

Following his report Mr. Rudy introduced scouts who gave talks. They were: Wilford Naylor, The Scout Oath; Edsel Paulk, Scout Laws; Hamp Naylor, Why I Am a Scout. The scouts were then presented with a troop flag by Judge M. G. Pate. The flag was furnished by the Lions Club.

Also on the program were vocal numbers by Mrs. L. B. Howard, accompanied by Miss Lillian Bacon. C. Fred Russell reported on the activities of the Vernon Field and Stream Club which, he said, is engaged in replenishing and protecting the protection of game in Wilbarger County.

J. G. McCarroll, secretary of the Field and Stream Club, was a visitor at the luncheon.

COTTON

New York, Nov. 6. (AP)—Cotton futures opened steady 2 higher to 2 lower with easier Liverpool cables offset by trade and foreign buying.

Dec. 11.85; Jan. 11.83; March 11.85; May 11.85; July 11.79; Oct. 11.40.

Reports of large cotton goods sales at advancing prices stimulated some of the demand and trading was fairly active at the start. Offerings were liberal, however, owing to continued hedge selling through cooperatives and spot houses.

Rumors the cooperative were estimating the crop at 12,300,000 bales, while unconfirmed, caused traders to stress the possibility for larger crop. There was a tendency to await the publication of the Government figures on Monday.

March reacted from 11.85 to 11.88 with more active positions selling at net losses of 6 to 8 points. Re-narrowed trade demand for Dec. developed on the decline and accounted for recovery of a few points from the lows at the end of the first hour.

The market was quieter late in the morning. Prices held a few points under the lows on trade buying influenced by reports of an active demand for cotton goods extending far into 1937. Outside interest was tapering off pending Monday's government crop estimate. March recovered from 11.77 to 11.80 with prices at midday generally 4 to 7 points net lower.

NEW ORLEANS

New Orleans, Nov. 6. (AP)—Cotton prices were a few points lower in a quiet opening today.

Liverpool cables came in worse than due and touched off a little selling at the first call. Trade and speculative support appeared, but not until options had dipped a few points under the previous close.

Dec. opened at 11.84, March at 11.81 and May at 11.80 with other months showing proportionate declines.

The heavy surge of speculative activity in stock and commodity markets in the past two days apparently had passed the cotton market by, and the main activity on the New Orleans exchange was trade buying in the nears and some hedge selling.

FIRST VIEWS OF 1937 CHEVROLET SET SATURDAY

Vernon and vicinity will get their first view Saturday of the new 1937 Chevrolet. It will go on public display at the Ladd Motor Company, at 7:30 a. m., immediately after the breakfast which C. M. Ladd is holding at the Faith Cafe in honor of his organization.

The breakfast is one of some 10,000 similar affairs being held throughout the country just before the new models go on view. It was arranged in acknowledgment of the annual operation displayed by Chevrolet dealer employees this past year. Their emphasis on owner satisfaction, Mr. Ladd asserted, has been an important factor, not only in the year's sales record, but in the unparalleled bank of advance orders received for 1937 models. An exceptionally large bank of such orders is on file this year, he said, as a result of the public's experience with the 1936 Chevrolet.

Immediately after the breakfast, the salesroom will be thrown open, and an open house atmosphere will prevail all day. Cars will be delivered to purchasers in the rotation in which the orders are received, Mr. Ladd said, adding that production in the 10 Chevrolet assembly plants is now going on at a rate which assures prompt delivery on all orders.

ERECTION OF MARKER READY

3,000-POUND PIECE OF GRANITE TO BE SET NEAR CITY PARK

Plans have been completed for the erection of a Wilbarger County marker on Highway 5 near Vernon next week, according to O. W. Garrett, maintenance foreman for the Highway Department in this county. He will supervise the erection of the 3,000-pound granite marker at a point on the highway near the City Athletic Park. It will be placed on a concrete base.

Two bronze tablets have been received for the marker, one a State seal, and other an 18 by 24-inch tablet with the following wording: "Wilbarger County—Formed from Bear County—Created Feb. 1, 1858—Organized Oct. 10, 1881—Named for Josiah and Mathias Wilbarger, brothers who came to Texas in 1829—Josiah survived by Indians Aug. 1833—Survived 11 years—Vernon County Seat—Millions of cattle and horses were driven north through this county."

The marker was furnished the county through the state-wide historical program of the Centennial Commission and the State Highway Department.

We're Not Telling You This for Selfish Reasons!

When a banker mentions "saving" you may be excused for thinking that he "has his own axe to grind", and therefore, not take very seriously what you read in an advertisement.

The facts are that banks today do not particularly care for savings deposits as a means of income. It is hard to invest the money in ways that will even equal the interest the bank must pay the savings depositor.

But we do know that every man and woman not already "well fixed" for life, should save regularly for their own happiness and protection... That is why we keep "harping" on this subject.

STALIN OPENS MOSCOW EVENT

WILD OVATION ACCORDED DICTATOR AT OPENING OF RED ANNIVERSARY

Moscow, Nov. 6. (AP)—Joseph Stalin, amid a wild, 15-minute ovation, officially opened the 19th revolutionary anniversary of Soviet Russia Friday night from the stage of the Bolshoi Theater.

He appeared in good health and affable. He talked and joked with Klementi E. Voroshilov, Commissar of Defense; Michael Kalinin, Union central executive committee chairman; G. K. Ordjonikidze, Commissar of Heavy Industry; Marshal Simeon Budyoni, and others.

Later, in a speech, Kalinin declared there was good reason for Russians to believe the Fascists would be defeated in the Spanish civil war. Stalin's hair appeared more streaked with gray than at his last public appearance. Otherwise, however, there was nothing in his appearance to confirm reports he has been seriously ill.

RIGHTISTS CHARGE BLUM WITH PERMITTING LEFTIST SPREAD

Paris, Nov. 6. (AP)—The French Senate was thrown into an uproar today as Rightists charged Premier Leon Blum's government had "tolerated" the spread of Leftist workers at Brest and that Chamberlain greeted Francois Blanchon, Undersecretary of the Navy who recently visited the arsenal, with clenched fist salutes and the signing of the international. "They are in prison while you sit in the Senate," he shouted at the government benches where Blum and Blanchon were sitting. His statement was greeted with cheers from the rightists and catcalls from the left section.

MEDALIST AT CORPUS CHRISTI LEADING IN FIRST ROUND

Corpus Christi, Nov. 6. (AP)—Jimmy McGonigall, Dallas medalist of the fourth annual golf tournament of the Corpus Christi Country Club, was four up on Rubie Albough, also of Dallas, at the end of the championship play this morning. Several matches of the third and championship flights and also of flights in the women's division had been completed at noon but scores had not been posted.

Another Question About CARDUI

MOTHERS RECOMMEND IT

"Why do so many MOTHERS recommend Cardui to their daughters?" Isn't it but natural that any good mother should tell her daughters about Cardui if the mother herself felt that she had been benefited by this medicine?

It is impressive that so many women report having taken Cardui on the advice of their mothers. Cardui has been found to benefit women when weakened by malnutrition (poor nourishment) and it helps to relieve much discomfort at monthly periods.

Thousands of women testify Cardui helped them. Of course, if it does not help you, consult a physician.

Deaths in Crash.

Oklahoma City, Nov. 6. (AP)—John Dinkens, Hallen, Neb., was killed and Layman Mathews and Mrs. John Dinkens, also of Hallen, were injured seriously in a truck-car crash at a highway intersection three miles east of Edmond Friday. Edmond is 15 miles north of here.

Justice Agents Fail to Find Hoepfel and Son

Washington, Nov. 6. (AP)—While Justice Department agents sought Congressman John H. Hoepfel and his son, Charles, a "fugitive from justice," a federal attorney planned Friday to ask forfeiture of their \$2,000 bail bonds.

The federal agents were put on the trail of the missing Californians after marshals failed to locate them in Washington, Arcadia, California, and Evansville, Ind.

Convicted of conspiring to sell a West Point appointment to James W. Ives of Baltimore for \$1,000, the Hoepfels are wanted for commitment to jail. The Supreme Court recently refused to review their case.

Miss Harrison Marries Former Vernon Resident

Announcement was made Friday of the recent marriage of Miss Lois Harrison of Vernon to W. A. Matthews of Wichita Falls. The ceremony took place in Frederick, Okla., and the couple was attended by Mrs. J. B. Parker of Wichita Falls and Miss Maurine Castlebury of Vernon.

Mrs. Matthews is a daughter of Mrs. W. A. Castlebury of Vernon and has resided here the past three years. The groom was formerly connected with the Ladd Motor Company of Vernon. They will make their home in Wichita Falls, where Mr. Matthews is employed.

Refreshments were served to Messrs. J. E. Flynn, M. F. Boone, Paul Niemtsch, Tom Bell, W. C. Lawson, Paul Johnson, Miss Mary Frances Boone, and the hosts, Mrs. Haire.

Refreshments were also received from relatives of the honoree at Kenawa, Okla. Messdames Bill Jernigan, Marvin Love, Bob Schritter, and Opal Smith.

Parent-Teacher Group Presents Health Program

A program on "Health" was given at a meeting of the Junior High Parent-Teacher Association Thursday afternoon in the library of the senior high school. A number of guests from the Vernon High School association were present.

Mrs. C. O. Puckett, program leader, introduced Dr. R. C. Stokes who spoke briefly on the tuberculosis test and gave a demonstration of it. A moving picture film on cleanliness, proper diet, and training was shown, concluded by a talk on "Tuberculosis" by Mrs. Ruby Ripperton, R. N., County Health Nurse. Mrs. Walter Hoffmann led the devotion for the afternoon on "The Home and Children in the Home."

Discussion Group Meets.

Preceding the regular meeting of the unit, the discussion group met in Room 206 of the Junior High building under the leadership of Mrs. W. T. Elliott. The subject for the afternoon was "Home, Play, Recreation, and Outside Interests."

Delegates Elected.

Paid members secured in the annual membership drive totaled 81. Committee reports showed during the business session for which Mrs. W. N. Martin presided. Mrs. Martin and Mrs. Minnie McCarter were elected delegates to attend the annual convention of the Texas Congress of Parents and Teachers to be held in Fort Worth, Nov. 16-19.

Books were brought for the library of the Bookers T. Washington school, and Mrs. E. L. Coffee, chairman of a committee to collect the books, stated that she would collect the books not brought to the meeting if members would reach her by telephone. Booklets entitled "Lessons in Tuberculosis" were distributed, and members will meet at the school Nov. 13 at 3:35 o'clock for a true and false test on this topic, which is part of contest requirements as outlined by the Wilbarger County Tuberculosis Association.

Those present at the meeting were W. T. Lofland, Dr. R. C. Stokes, and Misses Jewell Holliman, Anna Belle Robertson, Dorothy Michels, Phlorence Geo, Vivian Winston, and Messdames J. N. Wright, W. F. Strikers maintained two pickets per street as permitted by the police.

ALATHEAN CLASS HAS THANKSGIVING LUNCHEON HERE

A Thanksgiving luncheon was given by members of the Alathean Class of the First Baptist Church Thursday afternoon in the banquet room of the church. Forty-two members and guests were present for the occasion.

The table was decorated with roses, fern, and green tapers, and the menu was typical of the Thanksgiving season. It consisted of baked chicken, dressing, cranberry sauce, sweet potatoes topped with marshmallows, hot buns, coffee, and pumpkin pie.

The pastor, Dr. H. H. Hargrove, gave the invocation and a devotional on "Thanksgiving" was led by Mrs. J. C. Rogers. Several musical numbers were given on the program including a vocal solo by Mrs. L. B. Howard and a violin solo by Mrs. J. C. Rogers, both accompanied by Mrs. A. Wilson, and another vocal solo by Mrs. J. B. Allen, accompanied by Mrs. Howard. The program was concluded by three inspirational talks given by Dr. H. H. Hargrove, Mrs. H. H. Hargrove, and Mrs. A. Adamek of Smithville, and Mrs. T. U. Worker, who is in the city for a special training course.

Those present at the luncheon were Messdames Elmer Owens, A. C. Cadehead, Tally Garner, Henry Connor, Lester Hollibaugh, Frank Fletcher, U. L. Kidd, C. W. Stival, O. R. Yarbrough, J. E. Truelove, R. Tray of Autumn Vegetables Wins First J-C Award

A large tray loaded with Fall vegetables was awarded first place Thursday afternoon in the Garden Club's monthly contest. The entry was arranged by the president, Mrs. W. H. Huggins. The members of the club assembled at the Yamparka Club House, and due to a complimentary dinner given to Mrs. Huggins' home for the meeting.

The November contest was for "Thanksgiving table and room decorations," and other winners were Mrs. F. C. Irons, jardiniere of white and yellow chrysanthemums, second; and Mrs. J. E. Collins, bowl of Lilliput zinnias, third. Cash prizes of 75, 50 and 25 cents are given monthly by the Junior Chamber of Commerce, with the stipulation that the money be spent for shrubs, bulbs or seed. Every entry was presented with a package of seed as consolation prize. The balloting on entries was reported by Miss Frances Collins, Mrs. L. G. Hawkins, and Mrs. L. L. Irons.

Reports Given.

Mrs. F. C. Irons, second vice president and chairman of the Fall flower show held last week, reported to the club on that activity. In a cleverly prepared report she deplored the fact that Vernon "had moved so far from the Irons farm on Highway 23 since the rise of Pease River in September."

The program chairman, Mrs. D. D. Moore, described plans for the club in 1937, and announced that year books will be distributed at the December meeting. Six subscriptions to "Better Homes and Gardens" were delivered during the meeting to Mrs. L. L. Irons, literature chairman.

Twenty-five Attend.

Two topics were given on the program. An article entitled "Putting the Garden to Bed for the Winter," written by a 71-year-old woman gardener was read by Miss Frances Collins. She listed a number of hardy roses compiled from members of the Texas Garden Club and from the American Rose Society. Mrs. D. D. Moore concluded the program with an interesting discussion of "Decorating and Arranging of Flowers in the Home." Approximately 25 members were present at the meeting.

Midway Club Plans For Hobo Party at School

Plans for a hobo supper and forty-two party were made at a meeting of the Midway Home Demonstration Club Thursday afternoon at the home of Mrs. M. T. Haire. The affair will be held at the Tolbert school Friday, Nov. 13, and the public is invited to attend.

During the business session the following officer were elected for the coming year: Mr. M. F. Boone, president; Mrs. T. L. Dunlap, vice president; Mrs. F. A. Flynn, secretary-treasurer; Mrs. W. C. Lawson, council delegate; Mrs. H. A. Blevins, federation delegate; Miss Donna Mae Dunlap, parliamentarian; Miss Mary Frances Boone, reporter; Mrs. Paul Johnson, kitchen demonstrator; and Mrs. D. G. Byars, wardrobe demonstrator.

Refreshments were served to Messdames J. E. Flynn, M. F. Boone, Paul Niemtsch, Tom Bell, W. C. Lawson, Paul Johnson, Miss Mary Frances Boone, and the hosts, Mrs. Haire.

Makes Purchasing Trip.

Floyd Keener, owner of Keener's Shoe Store, spent this week in Dallas selecting new mid-season and early Spring shoe stocks. Many new styles were bought for immediate delivery and will be shown in a few days, he said.

Big Games Draw Fans.

Many Vernon people will be represented at football games in Dallas and Fort Worth Saturday. The Texas-T. C. U. game at Fort Worth is the highlight on the homecoming program for ex-students of Texas Christian University. In addition to ex-students here, several others plan to attend the game. A sizable delegation of fans secured tickets for the S. M. U.-A. & M. game before the supply was exhausted and others who waited too long on the ticket matter say they are going to Dallas with hopes of getting into the stadium.

S. M. U. Home-coming Nov. 13-14.

Vernon residents who are members of the Ex-Students Association of S. M. U. have received invitations from Bryce Twitty, president of the Alumni Association, to attend the annual home-coming celebration Friday and Saturday, Nov. 13 and 14. Governor Allred will be the principal speaker at the barbecue on Saturday, and Mrs. Alford, S. M. U. graduate will be installed as a trustee of the Ex-Students Association. After the barbecue, more than 5,000 ex-students are expected to attend the S. M. U.-Arkansas football game. The "Pigskin Revue," bon-fire and pep rally will launch the home-coming Friday night.

To Protest Execution.

Paris, Nov. 6. (AP)—The French Communist party Friday called a mass meeting of Paris workers for Nov. 10 to protest against the execution of Edgar Andre of Hamburg. The assembly will also demand freedom for Ernst Thaelman, German Communist leader now in prison.

Almost 90 per cent of the world flora is as yet unexplored.

FEDERAL CROP INSURANCE DISCUSSION GOES AHEAD

Washington, Nov. 6. (AP)—Representatives of the warehouse industry Friday conferred here with the administration committee which now is drafting a Federal crop insurance plan, presenting suggestions on methods for storing crops from "fat" and "lean" years.

Eighteen spokesmen for the industry that now stores wheat, cotton, corn and other farm products discussed technical problems with Secretary Wallace and other members of the group asked by the President to formulate an all-risk crop insurance plan for suggestion to Congress.

Wallace's plan calls for paying crop insurance premiums and losses in kind. For example, a farmer would pay a certain amount of wheat in good crop years and receive wheat back in poor years.

Both the President and Wallace indicated that the stored commodities should be held so as not to burden the markets.

COMMUNISTS JAILED IN NEW RUMANIAN OUTBREAK

Bucharest, Rumania, Nov. 6. (AP)—Rumanian police, in apparent partial concession to the threatening, anti-Semitic Iron Guard, arrested many Communist sympathizers in a series of raids Friday.

However, authorities at the same time took energetic steps to suppress an Iron Guard manifesto which warned King Carol and the makers of Rumanian foreign policy they must "guarantee with their heads" that Rumania will never be led into a war on the side of Bolshevism.

PUBLICATION OR COMMENT ON THE MANIFESTO WAS FORBIDDEN AND GOVERNMENT SPOKESMEN SOUGHT TO DISMISS THE EPISODE AS "TYPICAL OF THE CUSTOMARY IRON GUARD AGITATION."

SUBMARINE PACT SIGNED IN CEREMONY AT LONDON

London, Nov. 6. (AP)—Five nations Friday signed a protocol to humanize submarine warfare.

The ceremony, at the Foreign Office, was the first step in an attempt to secure general world adherence.

Foreign Secretary Anthony Eden, Sir Samuel Hoare, First Lord of the Admiralty, and Ramsay, MacDonald, Lord President of the Council, affixed their signatures for the United Kingdom together with the High Commissioners of the Dominions.

The United States, France, Italian and Japanese Ambassadors also signed the protocol, which perpetuates a part of the 1930 London Naval Treaty.

Under the protocol, submarines in time of war are forbidden to sink a merchant ship until the crew, the passengers and the ship's papers are afforded a safe haven. This does not mean lifeboats, unless land is near and the weather good.

New Dividend Ordered.

New York, Nov. 6. (AP)—Directors of Standard Oil Company of New Jersey declared an extra dividend of 75 cents a common share Friday. The directors also declared the regular semi-annual dividend of 50 cents a common share. Six months ago the company paid an extra of 25 cents a share and regular semi-annually 50 cents. The dividends just declared are both payable Dec. 15 to stock of record Nov. 16. In 1930, 1931 and 1932 the company paid \$2 a share and in 1933 and 1934 \$1.25 was paid.

Dr. E. E. Dale, head of the department of history at the University of Oklahoma, is the author of 13 books, most of which deal with the early days of the State.

ARMY STARTS FLOOD SURVEY

ENGINEERS TAKE LOOK AT WEST TEXAS AREA NEAR SAN ANGELO

Sweetwater, Nov. 5. (AP)—The United States Army began taking a look Thursday at portions of the West Texas territory swept by Colorado floods last September. Colonel E. H. Marks, District Engineer from Galveston, came here by train with R. B. Tinsley, his senior civil engineer, for tour of areas traversed by the Upper Colorado River and tributaries for tour of executives of the Upper Colorado River Authority created by the Texas Legislature.

Meeting the Army Engineer here were L. T. Youngblood, Bronte; J. C. Deal and Penrose Metcalfe, San Angelo, and Marvin C. Nichols, Fort Worth, consulting engineer. Metcalfe is chairman of the UCRA and Deal is secretary of the Central West Texas Conservation and Flood Control Association, a ten-county organization formed after the September floods to promote a preventive program under Federal auspices and with Federal money.

The tour started at Colorado. The party then moved to Big Spring, turning southward there into the drainage area of the North Concho. They will look at Grape Creek and the country around Water Valley where on Sept. 18 the North Concho accumulated the swollen flood that rolled down on San Angelo. They also expect to look at the site on the Colorado above Robert Lee where the UCRA wants to build a \$6,000,000 dam holding back 275,000 acre feet of water. A PWA loan and grant application has been made.

TRENCH SILO WITHSTANDS 20-INCH RAIN IN 24 HOURS

San Angelo, Nov. 6.—A trench silo on the farm of Walker Hale of Tom Green County was recently opened and found to be intact despite a 20-inch rain in 24 hours which flooded the Hale farm. The rain washed off 1,000 bundles of hedges, 150 bushels of ear corn, and three bales of cotton which was on 15 acres of land covered by water. The silo was also covered with water but was unharmed.

Certified Seed Pays.

Aspermont, Nov. 6.—Planting seed for next year have been chosen by field selection from a certified plot of dwarf yellow milo by Willie Smith, Stonewall County farmer, Smith produced approximately 2,000 pounds per acre of the dwarf yellow milo this year by planting certified seed. Seed planted from bin or common selection produced about 1,000 pounds of heads per acre, according to L. L. Starnivant, County Agricultural Agent. Smith states that both the certified seed and the common seed were planted at the same time of the year and on the same type of soil.

FARMERS HOLD TURKEY CROP

CUERO MAY HAVE TROUBLE GETTING BIRDS FOR "TURKEY TROT"

Cuero, Nov. 6. (P)—The Cuero Chamber of Commerce faced the prospect Friday of having to pay a premium for turkeys for the annual "turkey trot" here Nov. 11.

Turkeys were plentiful but not at the prevailing prices. Many South Texas growers were holding their birds for higher prices and few had been offered since the Thanksgiving market opened officially Wednesday.

Packers offered 11 cents for No. 1 birds, 9 cents for old hens, 8 cents for old toms and 7 cents for No. 2. They predicted the selling movement would start over the week-end but offered no hope for higher prices.

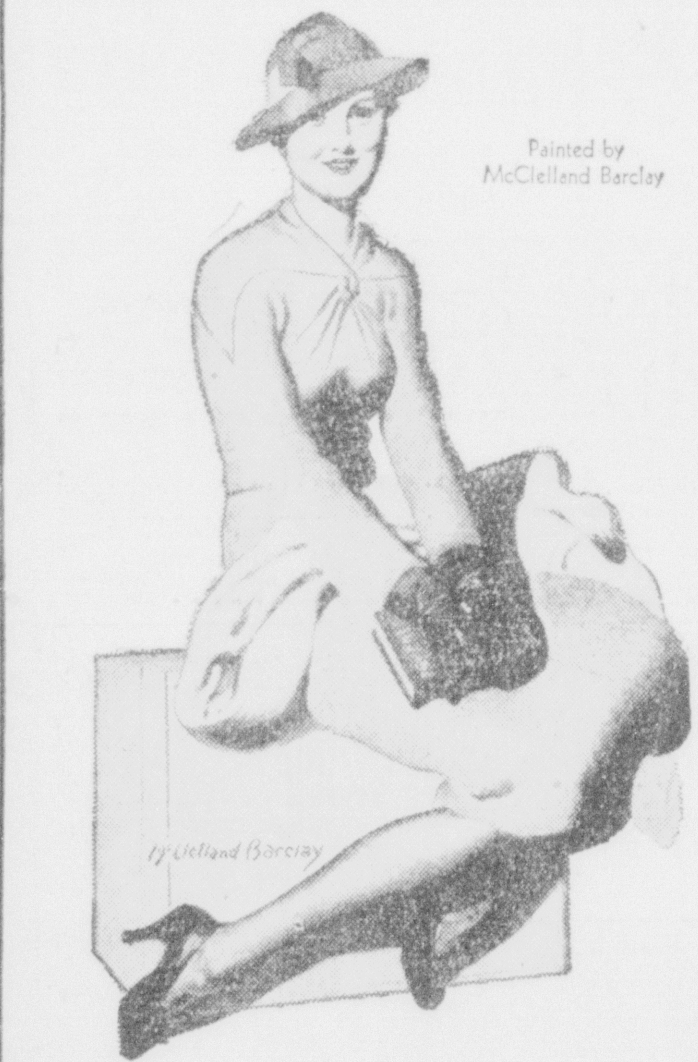

Growers and packers estimated the crop in the Cuero section at five to 10 per cent greater than last year and said the condition of the birds was about the same.

V. W. Orman, who produced 700 turkeys last year, said he intended to hold them for 18 cents.

"With the prevailing price being paid for beef and pork, 18 cents is

Benefit Picture Saturday To Aid Crippled Kiddies

"The Fighting Ranger," starring Buck Jones, is the feature for the motion picture program to be given Saturday morning at the Vernon Theater for the benefit of the Scottish Rite Hospital for crippled children at Dallas. A two-reel with the famous Merle Kiddies, "Regular Kids," and a cartoon will complete the program.

Employees of the theater are donating their services for the special program. Admittance will be through donation of any kind of canned foods, which will be sent to the crippled children's hospital. Those unable to attend the program are urged to send food. Cooperation of the Vernon Scottish Rite club in the program is directed by L. G. Hawkins, president, and George Zellios, secretary.

EASTLAND JURY HEARS M'BEE SLAYING DETAILS

Eastland, Nov. 6. (P)—Testimony of events alleged to have occurred the night H. L. McBee disappeared from his Rising Star home was before the jury Friday in the trial of Mrs. Della Henry for his slaying.

The State claims McBee was killed with an ice pick May 1, 1935. His skeleton was found hanging from a tree near Rising Star in December, 1934.

Ted Crosswhite testified he and Raymond Henry, the defendant's present husband, went to the McBee home the night of the disappearance. He said he went outside to wait for Henry after McBee became offended when Henry sat in Mrs. McBee's lap. He testified he heard a "scrapping" noise and then saw Henry running from the house.

"He came out slamming the door and started to jump off the side of the porch which had no steps," Crosswhite said, "and as he turned around I saw an ice pick in his hand. His eyes were sort of glassy."

Henry was sentenced to 50 years in a companion case April 5.

Mrs. W. N. Tyler testified she then Mrs. McBee told her she would "give her interest in hell for Raymond Henry."

CRASH VICTIM IS BROTHER OF STATE WPA DIRECTOR

San Antonio, Nov. 6. (P)—Gerald F. Drought, member of a prominent San Antonio family, was killed in a head-on auto accident near Waco shortly after midnight.

Drought's companion, a Miss Johns, daughter of Warren Johns, prominent Waco business man, was seriously injured and two occupants of the other car also was gravely hurt, it was reported.

Drought died an hour and a half after the accident in a sanitarium at Waco.

According to H. P. Drought of San Antonio, his brother, who is State WPA Director, Gerald Drought was returning from a concert at Temple. The two cars crashed head on at a turn in the highway about two miles south of Waco.

FOUR YOUNG PEOPLE IN DENISON WRECK INJURED

Denison, Nov. 6. (P)—An automobile collision on the highway south of Denison Thursday night after the Denison-Sherman football game injured Wallace Shaw, 16, Sherman High School pep leader, and three other youths.

Shaw's left arm was severely lacerated and he was gashed about the head and face when an automobile transporting half a dozen Sherman youths was demolished in a collision with a car from Oklahoma.

Joe Edds, driving the Sherman car, and Glen Anderson and Pete Hudson of Durant, Okla., were taken to hospitals for treatment of cuts and bruises. Other occupants of the cars escaped with minor bruises and cuts.

WACO HIGHWAY CRASH FATAL

GERALD F. DROUGHT DIES AND FOUR INJURED IN ROAD ACCIDENT

Waco, Nov. 6. (P)—Gerald F. Drought of San Antonio, was killed and three other persons were injured in an automobile collision on the Temple highway about 1 a. m. Friday.

Miss Shirley Johns of Waco, in the car with Drought, was injured seriously.

Two men in the other car, which police said they believed was stolen Thursday afternoon in Waco from R. E. Ford of Reagan, were brought to a hospital in a semi-conscious condition. Their names were not ascertained immediately.

The Drought accident increased the McLennan County list of fatal wrecks to 40 this year.

More than 200 permanent jobs and 500 odd-time jobs were secured for men students of the University of Oklahoma this fall by the employment bureau of the Y. M. C. A.

SLAYER'S GUARDIAN TO GET INSURANCE FUNDS

Erie, Pa., Nov. 6. (P)—Insurance companies received orders Friday to pay death benefits to the guardian of a self-termed "scarlet sin" slayer.

The funds are due for the death of Mrs. Samuel C. Weed and her two children, beaten to death in their home last July 18.

Weed, 40-year-old Sunday School superintendent, told police he killed his family because he had committed a "scarlet sin." He declined to explain his statement.

The Erie County Court later ordered him placed in an insane asylum.

Judge William E. Hirt ordered pay-

ment of insurance benefits to Edward E. Petrillo, legal guardian for Weed, to be used in caring for the asylum inmate.

B. T. U. TRAINING COURSE TESTS SCHEDULED FRIDAY

Brief tests over material covered in a five-day B. T. U. training school will be given at the First Baptist Church Friday evening by the various teachers of the courses. Enrollment for the first four nights of the school reached 156. Mrs. A. Adameik of Smithville, B. T. U. field worker, will direct activities at the assembly period and the intermission period Friday evening. The course will terminate with the examinations.

Break for Fishermen. Corpus Christi, Nov. 6. (P)—When Winter northerners chill the water of the bay and Gulf, the turning basin here become the fishermen's paradise. Redfish, tarpon and other fish seek the warmer water of the industrial channel and basin, and anglers who line the banks daily report many catches, including the sporting tarpon.

HORSE SHOW IN SPOTLIGHT

TWO YOUNG SPORTSWOMEN
ARE RIVALS IN EVENT
WITH TOP STABLES

New York, Nov. 6. (AP)—Two young sportswomen, only a few years out of their teens, are providing a show within the National Horse Show in a personal rivalry for blue ribbons. Twenty-four-year-old Judy King of Atlanta has only seven horses in the show at Madison Square Garden—just half as many as her rival, Frances Dodge of Rochester, Mich.—but she is setting the pace with five victories. These were achieved by a string of veteran harness horses handled by Patrick O'Connell, one of the country's outstanding professional whips.

Miss Dodge, 22, showing eight in the harness division and seven in the saddle class, has won only three events but is favored to retain the laurels she won last year largely because of the all-around strength of her stable, managed by Reed Bridgford and Wallace Bailey.

Both young in the game as trainers go, Bridgford has charge of the har-

ness horses while Bailey handles the saddle performers. Each is 49 years old.

The Rochester sportswoman has 13 horses in competition.

The three-day competition for the trophy presented by President Arturo Alessandri of Chile went into the final round with the French officers leading the United States by a narrow margin of three and a half points. Close behind Uncle Sam's representatives was Chile.

Trailing were Canada, Irish Free State, Great Britain and Sweden.

AGGIES GET UTAH GAME AS RESULT OF STRIKE

Dallas, Nov. 6. (AP)—The Texas Aggies, who clash with Southern Methodist here Saturday will play two games next week, making three contests in eight days.

Coach Homer Norton made the announcement as the Aggies enroute for Dallas Friday night. After the game here, the Aggies will meet the University of San Francisco at San Francisco Nov. 11 and the University of Utah at Salt Lake City Nov. 14. On the Utah schedule the Aggies will play the University of Hawaii, which cancelled its game because of the West Coast maritime strike.

VERNON AND CROWELL "B" TEAMS CLASH TONIGHT

The Vernon High School Marines will meet the Crowell High School "B" squad in a football game tonight in the Crowell stadium. The game is scheduled to begin at 7:30 o'clock. It will be the first night contest played by the Marines this season.

Members of the Vernon "B" squad who did not participate in the game Tuesday at Wichita Falls will be eligible to play tonight. Vernon beat the Wichita Falls "B" squad, 32 to 0.

Wears "13" Second Season.

Fort Worth, Nov. 6. (AP)—Most football squads avoid the number "13" when jerseys are handed out. But Charley Needham, Horned Frog end, is now wearing the jinx number for the second season. "No, I'm not superstitious," Charley says, and then adds—"but I'd just as soon someone else had this number!"

CONFEDERATE VETERAN HAS 91ST BIRTHDAY

El Paso, Nov. 6. (AP)—E. H. Alexander, former Llano County official, native Texan, and only surviving Confederate veteran in the county, was 91 years old Oct. 27. He served throughout the Civil War in the 32nd Texas Cavalry of Commander De Bray's Brigade. His father, L. W. Alexander, was a soldier in General Sam Houston's army that won Texas' independence.

His grandfather, Amos Alexander, and son, Amos, Jr., were killed by Indians near Ledbetter in Fayette County while returning from Galveston with supplies for their store at Bastrop.

Mr. Alexander says his grandfather and his son, a boy of 15, in a wagon ahead of two men accompanying them, were fired upon by Indians as they drove into a little branch, later named Alexander Creek in their memory.

The father was killed instantly, but the boy, although shot through the body, was able to reach the companion wagon. The men started with him for Moore's Fort at La Grange but on account of his suffering they placed him under a tree by the roadside and covered him with leaves and moss.

When they returned with Colonel John H. Moore young Amos was dead and they buried him there. The father's body was buried where he fell at the creek.

Mr. Alexander has lived in the same house here for 45 years.

CAPACITY CROWD EXPECTED TO FILL OWNBY STADIUM

Dallas, Nov. 6. (AP)—Twenty-five thousand grid fans will witness the Texas A. & M.-Southern Methodist game here Saturday, Jimmy Stewart, business manager of Southern Methodist athletics, said Thursday.

Twenty thousand reserved seats have been sold and 5,000 bleacher seats went on sale Thursday. Ownby Stadium has a capacity of about 25,000 and Stewart said no standing room would be sold.

TEXANS READY FOR RECORD SEASON FOR GAME

Austin, Nov. 6. (AP)—Texas' vast army of outdoor sportsmen, aroused by the brisk cold weather of the last few days, were preparing Friday for what appeared to be the State's biggest hunting season to date.

With deer and turkey seasons opening Nov. 16, hunters and trappers were taking advantage of the remaining 10 days to haul out their shooting and trapping paraphernalia, oil guns, buy shells, locate favorable sites and otherwise arrange for an early crack at whatever game they might be after.

Will Tucker, Secretary of the State Game, Fish and Oyster Commission, said game of all types and kinds was plentiful this year, following excellent conditions maintained throughout the breeding season.

"The turkey crop in some sections should be particularly abundant," Tucker said. "Deer may not be as plentiful as in some previous years, but there will be a goodly number of bucks and they should be fat and healthy."

"We have had good rainfall nearly all over the State the past 10 months as compared with several years of comparatively light precipitation. This has produced large quantities of feedstuffs for our wildlife."

Deer and turkey seasons in Texas open Nov. 16 and close Dec. 31. West of the Pecos, black tail deer may be killed from November 16 to Dec. 1. Waterfowl open season dates are Nov. 28 to Dec. 25. Quail may be shot Dec. 1 to Jan. 16. The fur trappers will be busy from Dec. 1 to Jan. 31.

LIVESTOCK FEEDER REFILLS 210-TON TRENCH SILO

Morton, Texas, Nov. 6. (AP)—Silage used in his feeding operations during 1935 was so satisfactory that Fred Nickels, Cochran County livestock feeder, is refilling his 210-ton trench silo for immediate use. He is using an ensilage cutter and filling the silo with kaffir, cane and hagar, according to Roy Hickman, Jr., County Agricultural Agent.

Nickels says that while he was feeding silage and grain to his steers at the rate of about 35 pounds of silage and 16 pounds of grain daily that they made good gains. When he ran out of silage and was forced to feed dry bundles as roughage, he was unable to get the steers to eat more than eight to 10 pounds of grain for several days. He was never able to get them to consume as much grain with as favorable results as they did when he was feeding them silage.

"OLD GUARD" LEADERS WIPED OUT IN RECENT CAMPAIGNS

Washington, Nov. 6. (AP)—Four successive Democratic victories at the polls have virtually wiped out the Republican "Old Guard" which ruled the Senate during the Hoover Administration under such leaders as Watson, Moses, Reed and Smoot.

The once powerful Republican membership, which in 1930 numbered 56 compared to a Democratic total of 39, has been cut down to less than 20, but most striking has been the elimination of the Republican regulars.

While the Old Guard leaders have gone down almost as fast as they faced the voters, most of the independents such as Borah, Johnson, Frazier, Nye and Norbeck have kept their seats. Senators La Follette and Norris, original members of the Western Independent group, have remained but have changed their party labels.

Officer Faces Charge.

Texarkana, Nov. 6. (AP)—Joe Collins, City Sanitary Officer of Texarkana, faced indictments Thursday of driving while intoxicated and carrying a pistol at Linden, Cass County. Bonds of \$1,000 and \$500 were set in the cases. Collins' official capacity allows him to carry a pistol within the city limits.

PADUCAH TRIP TO SPUR SET

HUNDREDS TO CELEBRATE
HOLIDAY WHEN DRAGONS
MEET SPUR ELEVEN

Paducah, Nov. 6. (AP)—Hundreds of Paducah citizens are planning to accept the invitation extended by the Spur American Legion to attend the giant Armistice Day celebration being given in that city next Wednesday at which time the Paducah Dragon eleven, now first in the rank for district championship, will meet Spur in the decisive battle for the grid season.

Paducah business men and members of the local American Legion met in conference with the Spur officials in that city Monday to complete outlines for the day's celebration which will include a parade at 10 o'clock, a free barbecue at noon, and the championship tilt at the stadium in the afternoon.

MYSTERY, THRILLS AND MAGIC BLEND IN SHOW

Faint heart never won a seat at this performance.

That is, Jacar's Midnight Spook Show, scheduled for one performance on the stage of the Vernon Theater, Monday, Nov. 9, is not for those with weak hearts.

Weird, eerie and fantastic happenings are in store for theater patrons according to Manager Lew Brax who will also present a special showing of "One Frightened Night" on the screen in conjunction with the forty-five minute stage presentation. The fun is to start at 11:30 p. m.

Besides the Spooks, Jacar will present a well balanced mystery and magic show which promises to baffie his audiences in many strange manners. Experimentations and reproductions in mind reading and spiritualistic seances will vie for top honors with Jacar's thrilling escapes from seemingly fool proof stocks and ties and his offering of new and modern magical illusions.

Advance tickets are now on sale at the Vernon Theater box office. Because of the nature of the show, no children's tickets will be sold. The feature picture is slated to begin promptly at 11:45 with the stage show at 11:55.

POSTAL RECEIPTS SHOW GAIN IN TEXAS CITIES

Austin, Nov. 6. (AP)—Texans must be writing more letters.

The University of Texas Bureau of Business Research says 34 representative cities show total September receipts of \$1,191,025, and 15 per cent increase over September, last year, and nine per cent over the preceding month.

Showing gains during September were Amarillo, Austin, Beaumont, Big Spring, Brownwood, Corpus Christi, Dallas, Del Rio, Denison, El Paso, Fort Worth, Harlingen, Houston, Jacksonville, Lubbock, McAllen, Pampa, San Antonio, Sherman, Snyder, Sweetwater, and Wichita Falls.

COLORADO HAS OLD AGE LAW; LACKS NECESSARY FUNDS

Denver, Nov. 6. (AP)—Colorado has a new \$45 a month old age pension provision in the State Constitution, but State officials would like to know where the money is coming from.

The \$45 pension amendment, written into the State Constitution by a large majority in Tuesday's election, will become effective Jan. 1, 1937, but it contained no provision for raising additional funds which will be needed.

Turkeys on Increase.

San Angelo, Nov. 6. (AP)—A turkey crop of 10 or 12 carloads, a slight increase over last year, is expected here this year, with quality improved. Grain damaged by the recent flood will be a source of feed, growers say.

STORIES IN STAMPS

By I. S. Klein

EUROPE'S PRIVATE Postmaster

FOR almost 2 1/2 centuries, Europe relied for the delivery of its royal dispatches, its personal mail and even transportation on the daring service developed by the son of a chamberlain to the Holy Roman Emperor Frederick III.

From his headquarters in Brussels, Francois de Tour et Tassis, as he was known, operated the mounted courier and stage service between Brussels, Vienna, Paris, and Spain. At one time, the service reached into Italy, across numerous state boundaries, and netted the family of Tour et Tassis more than a million florins a year.

This service is best known as the Thurn and Taxis Post, the name having been Germanized early in its history. Under support of the great monarchs of Europe, the great monarchs of Europe, the private postal services which crossed the American plains in the fifties.

BOWL BEE IS BUZZING IN MUSTANG'S BONNET

Dallas, Nov. 6. (AP)—The "Bowl" bee, once quieted by Fordham, buzzed again in the Southern Methodist bonnet as the Mustangs readied themselves for Saturday's invasion of a dangerous Texas Aggie eleven.

Southwest Conference fans have started the chant for their only "Bowl" possibility, reasoning that the now common Saturday afternoon upsets the nation over could rocket the Mustangs back into contention, despite the one-touchdown loss to an outplayed Fordham team.

Coach Matty Bell's Mustangs, however, must pick their way through a rocky path strewn with such barriers as Texas A. and M., Arkansas, Baylor, Texas Christian and Rice before Rose or Sugar Bowl consideration.

The Methodists, assertedly "out to win 'em all" play the Aggies before a Dallas throng of 25,000 in the week-end's top attractions. Two homecoming day clashes, Texas vs. Texas Christian at Fort Worth and Rice vs. Arkansas at Fayetteville, Ark., and Baylor's intersectional tilt with Oklahoma City at Waco, complete the card.

Any "Bowl" hopes the Methodist fans are entertaining could be crushed when the Aggies, on the rebound after a stunning loss to Arkansas last week, loose their shifty Dick Todd and his running mates in Owenby Stadium. Caught flatfooted by a perfectly functioning Arkansas team last week, the Cadets, far below form, had their own Rose Bowl dreams broken.

Coach Homer Norton said his Cadets would be in a "wild, gambling mood" for the Methodists, for another defeat means the snuffing of their conference title hopes. The Methodist team that crushed Texas last week, plus "Jarring John" Harlow, ready for backfield service again, will be intact.

SALLY RAND PLANS TO BUY SOUTH TEXAS RANCH

Fort Worth, Nov. 6. (AP)—Sally Rand, dancer who recently completed an engagement at the Frontier Club, announced Friday she would purchase a Texas ranch and become a resident of the State.

Miss Rand said negotiations for an 84,000-acre ranch on the Texas border near Laredo had been in progress with a San Antonio real estate firm for three weeks and probably would be completed before Christmas. If terms are not agreed upon she said she would buy a ranch in some other section.

COTTON HELD IN STORAGE FOR 11 YEARS IS SOLD

Robstown, Texas, Nov. 6. (AP)—Thirty-two bales of Nueces County cotton grown during the drought of 1925, and in storage here 11 years, was bought recently by W. B. Ray of Corpus Christi to settle the estate of the late Joe Kourek, Robstown farmer.

Kourek owned the land and the son, John, grew the cotton. At the end of the season John desired to sell, but the father wanting to hold the staple, bought his son's interest. Kourek paid one cent a bale a day for storage, although he had opportunity to sell the cotton for twice its initial value.

Upon Kourek's death, the cotton went to John and a sister at Chicago and Ray paid 12 cents a pound for it.

Kidd Key Day Set.

Dallas, Nov. 6. (AP)—Kidd Key Day will be observed at the Texas Centennial Exposition on Saturday, Nov. 21, with ex-students and graduates of the Sherman school gathering for a series of events during the day. Mrs. Joseph B. Rucker, Dallas, is general chairman, assisted by Leslie Magee, vice chairman, Headquarters for the day, from 10 a. m. to 3 p. m., will be in the State Clubs Room in the Varied Industries Building.

Copenhagen has a hotel piped for beer as well as water.

ALL-AMERICA CHOICE HARD

FIELD WIDE OPEN WITH
WEALTH OF ACES IN
LINE FOR STUDY

New York, Nov. 6. (AP)—This week's All-American gridiron roundup gives a pretty fair idea of the difficulties this season in selecting, by any known yardstick, the outstanding four backs roaming the collegiate premises.

With no holdovers from last year's generally approved combination of Riley Smith, Bobby Wilson, Bobby Grayson and Jay Berwanger, the field has been wide open from the start. Latest reports make it wider than ever, with performances in the decisive November games due to settle the country-wide argument over the prowess of current backfield aces.

For the fourth straight week familiar names are on the list of standouts. They include Sam Francis, Nebraska's versatile fullback; Northwestern's Don Heap, a conspicuous figure in his team's great triumph over Minnesota last Saturday; Ace Parker, Duke's triple threat; Bryan Haines, the University of Washington's great running and passing back; Cecil Isbell, Purdue's all-around star; Bob Finley, Southern Methodist fullback and No. 1 heavy duty player in the Southwest; and Ray (Ruzz) Ruivid, the key man in Marquette's unbeaten march.

Ed Goddard of Washington State and Sammy Raugh of Texas Christian, out with injuries the previous week, returned to action with spotlight achievements. Raugh tossed three touchdown passes as Texas Christian walloped Baylor 38 to 0 in one of the Southwest's biggest upsets.

The fact they were on the losing side failed to diminish the prowess of Andy Gram, Minnesota; Monk Meyer, Army; and Ose Simmons, Iowa.

From a purely defensive and blocking standpoint, the No. 1 honors of this week's roundup go to Fred Vanzo, 215-pound backer-upper of the Northwestern team.

TWO RIVERS ON RISE IN MISSOURI REGION

Greenville, Mo., Nov. 6. (AP)—Flood waters of the Black and St. Francis Rivers had moved out of the Eastern Ozarks Thursday into the lowlands to the south and threatened to spread onto farms adjacent to the two streams.

At Poplar Bluff the Black River rose two feet during the night to 13 feet and was expected to reach 15 feet or floor stage. It probably will not go any higher at that point. The St. Francis at Pisk was at a stage of 23 feet and another foot is expected Friday.

SURVEY INDICATES SMALL CARRY OVER OF WOOL

Washington, Nov. 6. (AP)—The Agriculture Department predicts that carry-over stocks of raw wool in this country for the new season starting next April would be smaller than for the current year.

In a survey of wool prospects, the Department said stocks of apparel wool held by dealers and manufacturers on Sept. 26, totaled 125,910,000 pounds, scored basis, a decline of 29 per cent compared with the same date last year.

Wealthy Widow Dies.

Corvallis, Nov. 6. (AP)—Mrs. G. A. Hofstetter, aged 61 years, wealthy widow, was found dead in her garage at her home here Thursday. She apparently was stricken with a heart attack early Wednesday night, physicians reported after an examination. No near relatives survive.

Fordham-Purdue Game Pits Skill Of Ex-Teammates

New York, Nov. 6. (AP)—The hopes and fears of Jimmy Crowley and his Fordham football team lay today in the ample lap of Jimmy's old pal and teammate, Noble Kizer of Purdue.

One of the seven Notre Dame mules who cleared the way for Crowley and the other "Four Horsemen," Kizer was in town Friday with plans to buck Jimmy and the Fordham right out of the undefeated class.

"We're in better shape than we've been since the Chicago game," Kizer said, "and I think we've got a good chance to win."

Commenting on his famous "touchdown twins," Cecil Isbell and Johnny Drake, Kizer added: "I think Isbell is every bit as good as Duane Purvis, our all-American of a couple of years ago. He's a shifter runner. I think he's harder to bring down than Purvis was, and Drake's not far behind."

The Purdue coach was inclined to minimize the importance of the fact that Purdue beat Fordham 20-0 last year. "We may have a better backfield, but we don't have the line we had last year," he explained. "And besides, we had one of our perfect days when we were here in '35."

RECORDS SHOW FROGS 4 POINTS BETTER THAN SELVES

Fort Worth, Nov. 6. (AP)—A bright statistician at T. C. U. has it all figured out that the Frogs are points better than themselves! Here's how: The Frogs beat Arkansas 18 to 14, making them 4 points better than the Razorbacks. Arkansas beat A. & M. 18 to 6. So, T. C. U. totals 22 points better than A. & M. The Aggies beat T. C. U. 18 to 7. So a simple subtraction demonstrates that the Frogs are left 4 points better than themselves!

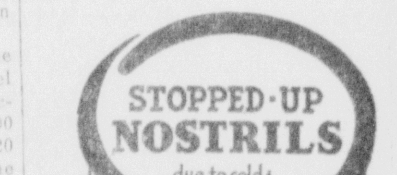

SOCIALISTS COME TO AID OF NEW YORK COMMUNISTS

New York, Nov. 6. (AP)—The Socialist party has offered its aid to the Communists in the belief that the latter party failed to poll the required 50,000 votes in Tuesday's election to assure it of a place on the 1938 State-wide ballot.

Dr. Harry W. Laidler, New York State Socialist chairman and defeated candidate for Governor, said that "We regret the Communist party has not retained its place" and added that "We shall make every effort to amend the law so as to give all minority parties all the rights to which they are entitled under any sound definition of democracy."

Victory Under Difficulty.

Fayetteville, W. Va., Nov. 6. (AP)—A prison sentence did not keep Alex Tinsley, 42-year-old railroad worker, out of a vigorous campaign for election to the State House of Delegates. Freed on bail under a year's sentence for assault just in time to make a last appeal for votes before the election, he won easily.

Birth Rate Slips.

The excess of births over deaths in the United States, resulting in a population increase of nearly 1,000,000 in the year ending July 1, did not result from any increase in the birth rate. Announcement of the population gain followed by only a few days a report of a survey by an insurance company showing that the death rate in the country is approaching the all-time low record set in 1925.

Another survey on vital statistics reports a decline in the last decade of 11.1 per cent in the birth rate to 16.8 per cent, nearly the lowest on record. In view of these facts and despite the encouraging factor from the standpoint of total population of the increase noted by the Department of Commerce, the threat of a declining population has not been averted.

The Department of Commerce noted that immigration accounted for only 8,000 of the 908,000 estimated gain. The total population on July 1, was estimated at 128,429,000.

The all-time low for the birth rate was 16.8 per 1,000 population in 1933. In 1934 the rate climbed for the first time in 10 years to 17.1 per cent.

A review of the mortality rate is confined to 17,000,000 policy holders in a life insurance company. The rate for the first nine months of 1936 was 8.6 per 1,000 as compared with 8.5 in 1935.

The statisticians found new low rates for mortality had been established for several causes of death. Among the causes showing a decline were homicide, suicide, typhoid fever, the principal communicable diseases of childhood, tuberculosis and other ailments.

Texas Mineral Resources.

Production of precious metal is one industry that is not often identified among the varied industries in Texas. But this week came the announcement that production of both silver and gold from Texas mines is showing substantial gains.

Texas has a history rich in legend of fabled cities of gold and gold mines. The recent report of the U. S. Bureau of Mines indicates that all of this history is not false. True, mining in Texas is an infant industry, but it is keeping pace with the progress of the State's industrial development.

The major portion of Texas' gold is mined in Presidio County from the Presidio mine. Rudolph County also boasts some gold mines. Production last year totaled 518 ounces valued at \$16,150 as compared with 359 ounces valued at \$12,538 in 1934.

Presidio County also produces a major portion of Texas' silver but mines in Culberson County also are operated at a profit. Production of silver climbed from \$532,867 in 1934, to \$720,952 in 1935.

Gold mining last year showed a gain of 44 per cent over 1934 while lead mining rose 58 per cent, the Bureau report noted.

Economic conditions of recent years have encouraged rumors of fabulously rich mines, following the trend of Indian legend which lured Spanish explorers into far corners of the Southwest. Get-rich-quick prospectors furnish a large portion of these rumors, but the Bureau reports that last year serious consideration of mining as an investment in Texas increased and brought results in many cases.

BARBS

Beer was served at a presentation of "The Drunkard," helping the audience get in the spirit of the play.

A Wisconsin youth shot himself in the leg so he could look like a hero to his girl. The latest Spanish tales, we understand, resemble sieves.

Derbies apparently are on the way out. The brown one was discarded in New York, and a noted orchestra leader has decided to drop some wind instruments.

A local dyed-in-the-wool grid fan, told the Statue of Liberty was 50 years old, recalled seeing the trick pulled last Saturday.

The story, "It Can't Happen Here," deals, some insist, with the theory that mud slinging eventually will be discarded in vote campaigns. (Copyright, 1936, NEA Service, Inc.)

New Labor Factor.

A new factor has been introduced into the normal course of major labor troubles in the suspension of a Seattle newspaper as a result of picketing. Writers and reporters on the paper went on strike because two members of the Writers Guild had been discharged. The strikers charged the workers were dismissed because of affiliation with the Guild. This was denied by publishers, but the unusual feature developed when thousands of sympathizers formed picket lines about the building and refused to allow any one to enter the building.

Only the writers and reporters were involved in the dispute. Printers, pressmen, mailers and other workers were satisfied and their unions had contracts with the publishers, but they were prevented from entering the building. Under such circumstances it has been the invariable custom of the public authorities to provide police protection for those who wished to work, but it happens that the Mayor of Seattle was elected on an organized labor ticket and the situation was further aggravated by the fact that the newspaper had criticized some of the acts of his administration.

But regardless of the explanation, the pickets were able to force suspension of the paper through the simple process of maintaining a blockade around the building. The implications of the situation are plain. Organized labor is apparently adopting a method which has been charged against organized employers in dealing with strikes. In the past employers usually have had the advantage of police protection in dealing with picketing. At least the view of many organized labor leaders has been that the police authority was unfairly used. In all too many cases, no doubt, this has been true.

The possibilities of partisan control of the police force are emphasized in the developments at Seattle. If employers have used it in the past to intimidate workers, nothing is to be gained now by reversing the arrangement. The only safe policy is to make the police authority independent of politics. No special interest can be trusted to use such a weapon in the interest of the general welfare.

Children of Mrs. G. T. Martin surprised her with a basket birthday dinner Sunday. Those present were: Mr. and Mrs. Hays Martin and children, James, Robert and Vern Lee, and Mr. and Mrs. Vernon Lynch and son, Kenneth. Mr. and Mrs. Robert Lee Norton, Mildred, and Earline Norton, Mr. and Mrs. Edward Brock and children, Richard, and Bobbie Ruth, and G. T. Martin, and the honoree, Mrs. G. T. Martin.

Winnie Belle Hildebrand is ill this week.

Robert Lee Norton received severe burns from hot tar while working at Electric last week.

The cottage prayer meeting of the Hinds community was held at the home of Mr. and Mrs. J. A. Henson of this community Wednesday.

The P. T. A. will have a regular monthly meeting Friday night at the school. The organization is sponsoring a pie supper at this meeting and the public is invited to attend.

FORMER ADAGIO DANCER NAMED IN EXTORTION INDICTMENT

New York, Nov. 6. (AP)—Frank Vitolo, a former Adagio dancer, was named defendant Thursday in a Federal indictment charging him with attempting to extort money through use of the mails.

Named among his intended victims were Mrs. Bernard E. Smith, wife of a Wall Street operator, from whom the indictments charge he demanded \$5,000.

LINDBERGH FLIES OWN PLANE IN TEST FLIGHT NEAR READING

Reading, England, Nov. 6. (AP)—Colonel Charles A. Lindbergh took to the air as pilot of his own airplane Thursday the first time since he came to Europe.

He made a test flight from Reading, a former Adagio dancer, in a plane which its makers assert is the fastest touring monoplane ever built in this country. The "flying colonel" himself helped design it.

TEXAS CATTLE REPORT FILED

INTRASTATE SHIPMENTS DECLINE WHEN PASTURE CONDITIONS IMPROVE

Austin, Nov. 6. (AP)—The University of Texas Bureau of Business Research says total live stock shipments from Texas points to Fort Worth and interstate points declined in September.

Calves, hogs and sheep increased slightly over September, last year. Aggregate shipments of 4,201 cars were 15 per cent under 4,931 in September last year. Cattle shipments, 2,492 cars, against 3,446 cars last year, dropped 28 2per cent; calves, 554, against 527, were up 3 per cent; hogs, 354, against 192, were up 89 per cent, and sheep, 561 against 446, were up 25 per cent.

"Excellent pasture and feed situations in conjunction with a weak price situation induced by marketing of distressed live stock from the drought areas of the northwest appears to be responsible for the sharp decline in Texas cattle shipments," the bureau says.

It says the same conditions are causing unusually large numbers of cattle to be shipped into Texas. Almost 14,000 head were imported from Kansas and Oklahoma during September, more than 10 times the number from these States during September, 1935.

Only the Southern Panhandle and Edwards Plateau reporting districts showed an increase in cattle shipments in comparison with September last year. South Texas shows the greatest decrease.

COTTE COUNTY SETS NEW RECORD WITH 1,356 VOTES

Paducah, Nov. 6. (AP)—More than 98 per cent of the 1,356 votes cast in Cottle County were Democratic tickets, giving Roosevelt a total of 1,265 votes in London's 86. Three votes were cast for Presidential Nominee Thomas of the Socialist party, five for the Union party, and two for the Prohibition. The next high in voting records in Cottle County was 1,234 cast in the presidential election in 1932. This total for 1936 far exceeded all past records.

Cottle County official returns on the voting for the amendments show that one of the amendments, the Liquor Control Amendment, lost, while five of the proposed amendments carried. On the Teachers Pension Amendment, 577 for, 439 against; State Liquor Control, 428 for, 539 against; Compensation Increase for State Employees, 477 for, 451 against; State Pardon Board, 716 for, 264 against; Salary Increase of State officials, 578 for, 413 against; and Limitation of Representatives, 707 for, 261 against.

DETROIT YOUTH ENDS TRIP TO TEXAS SCHOOL ON FOOT

Stephenville, Nov. 6.—John K. Burns of Detroit recently promised two John Tarleton college students he would attend the school "if I have to walk."

A few days ago he limped into the college fiscal office and announced he wanted to start to school. He said he walked the 44 miles from Cresson after catching a ride from Fort Worth. No transportation from Cresson was available and, rather than fall down on his promise he said, he proceeded afoot, reaching here at 3 a. m.

John Tarleton, founder of the school, might have smiled in sympathy. When a young man he walked from Knoxville, Tenn., to Texas with considerable money owed in the lining of his clothes. He invested it in cheap Texas land and accumulated a considerable fortune. The endowment he established was the beginning of John Tarleton Agricultural College.

FATHER DIONNE RECONCILED TO CROWN GUARDIANSHIP

Hollywood, Calif., Nov. 6. (AP)—David A. Croll, Minister of Public Welfare and Labor for the province of Ontario, Canada, said on his arrival here Thursday that Olivia Dionne, father of the famous Dionne quintuplets, is "reconciled to their guardianship by the Crown."

Croll is here to attend a private showing of a film in which the quintuplets take part.

In his governmental capacity, he is guardian for the quintuplets.

Pioneer Rancher Dead.

Chelsea, Okla., Nov. 6. (AP)—Oklahoma lost one of its foremost pioneer ranchers Thursday—J. T. "Tom" McSpadden, 84, brother-in-law of Will Rogers. He suffered a third stroke of paralysis last week and never recovered.

DONNA WATER PROBLEM UP

MEXICO OPENS RATAMAL INTAKE ABOVE PLANT IN VALLEY SYSTEM

San Benito, Nov. 6. (AP)—Information received here that Mexico had resumed construction of the Ratamal intake, south of the Donna pumping plant, caused concern among Valley farmers dependent upon water from the Rio Grande for irrigation.

The big intake is designed to take water from the river by gravity flow. As the river is higher than most of the surrounding ground, the channel practically can be diverted. It is estimated a flow of 6,000 second feet, somewhat more than the flow of the river in the lower portion of the Valley a large part of the year, could be received by the intake.

Since there is no agreement between the United States and Mexico affecting use of water from the river, the latter could divert as much as desired, with possible hazard to the irrigation system below the Donna plant.

Information also was received here that a construction crew made camp recently near El Azcar, where a big storage dam, estimated to cost \$5,000,000 pesos, is to be built by the Mexican government to irrigate 1,000,000 acres in the Camargo area.

Announcement was made by J. L. Lytel, project engineer in charge of the flood control work in this section, that business has been completed on the site of the proposed Salinaso dam, 10 miles west of Roma on the Rio Grande.

The dam would be 100 feet high at the deepest point of the river and about two miles long. It would raise the water level eight miles and cost an estimated \$6,000,000.

It is estimated the overflow at the dam would generate from 10,000 to 12,000 kilowatts of electric power. Construction of the dam must wait upon a treaty between the Mexican and United States governments, and Mexico has steadfastly refused to negotiate unless both the Rio Grande and the Colorado be considered jointly.

KING COUNTY PIONEER DIES

ISUM LYNN, FORMER SCOUT, BURIED ON RANCH NEAR GUTHRIE

Paducah, Nov. 6.—Isum Lynn, 88, King County's oldest settler, former Indian fighter and scout, known throughout this section as "Uncle" Isum, died Tuesday at his ranch several miles west of Guthrie. Burial was on the ranch, at a spot selected a few weeks ago by Mr. Lynn. Funeral services were held Wednesday, conducted by Rev. Howell G. Horner.

A resident of King County since 1879, he was known as "Uncle" Isum throughout this section of the West. Living a quiet life in so far as possible in early frontier days, he had resided in King County with his wife for the past 57 years. A few families in Cottle County were his nearest neighbors for several years.

Before moving to King County, Mr. Lynn was a resident of Jack County, where he took part in several battles against the Comanches, who at that time were a constant source of trouble to white settlers. At a frontier Jack County fort he was often employed as a scout for troops stationed there.

He is survived by the widow and one son, J. H. Lynn, of Plano, Texas.

COURT DELAYED WHILE JUROR SERVES IN WRONG COURT

Salt Lake City, Nov. 6. (AP)—George Guggisberg served as a juror for half an hour Thursday in the wrong court.

The docket clerk, while judge and witnesses impatiently awaited the missing juror, found him in the jury box of an adjoining courtroom, rapidly absorbing testimony.

William Timmerman, whose jury seat Guggisberg occupied, explained he arrived in court five minutes late, saw that the jury box was filled, and didn't know which of the jurors to challenge.

KNOX VOICES VIEW ON VOTE

Chicago, Nov. 6. (AP)—In a front page editorial Thursday, the Chicago Daily News, edited and published by Col. Frank Knox, Republican vice presidential nominee, said in part: "The American people, by an overwhelming majority, have re-elected Franklin D. Roosevelt. Operating under a Constitution which gives every qualified citizen full and free opportunity to express his choice, the people have given Mr. Roosevelt one of the most remarkable votes of confidence ever received by an American President."

"The Daily News, pursuing profound convictions touching upon public policy, and out of sincere concern for the welfare of the nation, opposed the reelection of President Roosevelt. We took this course because we believed his reelection would imperil constitutional Democratic government in this country. Our loyalty to these very principles compels us now to recognize fully that the judgment of the American people has been taken, and that Franklin D. Roosevelt has become again, for four years, the President of the whole people of the United States. In the discharge of the duties of his high office, he is entitled to the support of all citizens."

"Breathing Spell" Urged.

UNEVEN TRADE TRENDS NOTED

WEEK'S BUSINESS LISTED
AS STEADY IN SURVEY
OF RETAIL SALES

New York, Nov. 6. (AP)—Although steadiness characterized activity in major divisions of trade this week, there was unevenness in some branches, Dun & Bradstreet reported Friday.

"Retail distribution fluctuated with the vagaries of the weather," the agency said in the weekly review, "the slower movement of Winter clothing causing most of the slack. Wholesale volume was sustained by the extended buying of Christmas goods and more general Spring commitments, as shortages became acute in some lines; replacements for current stocks were less numerous."

"Industrial operations held firmly to previous rates, much of the stimulus being provided by the automotive and allied trades."

The agency estimated retail sales for the country as a whole were 1 to 3 per cent ahead of the preceding week and 10 to 15 per cent greater than in the same week a year ago.

Percentage increases over 1935 in the major geographical areas were: New England 12 to 16; East 14 to 18; Middle West 18 to 25; Northwest 20 to 25; South 18 to 25; Southwest 22 to 27; and Pacific Coast 12 to 18.

SAN ANTONIO BANDITS GET \$636 IN DAIRY RAID

San Antonio, Nov. 6. (AP)—Armed with automatic pistols, two unmasked bandits Thursday night held up J. E. Moore, assistant auditor, in the offices of the Metzger Dairies and escaped with \$636 in cash.

Moore told detectives he was counting the day's receipts when the two robbers, appearing to be brothers, entered the office with drawn guns. He said they ignored a janitor who was cleaning up, and ordered him to hand over the money. He said one of the robbers did not wait for him to comply, but instead reached over to the desk and grabbed all the currency in sight, leaving several hundred dollars in checks.

One of the bandits attempted to jerk the telephone from the wall but desisted when a customer drove up in front of the office.

TRAIN-AUTOMOBILE DEATH TOLL AT CROSSINGS GAIN

Washington, Nov. 6. (AP)—The Interstate Commerce Commission announced railroads reported 21 persons killed and 123 injured in 87 Texas grade crossing accidents for the first half of this year. Ninety-two accidents were reported for the corresponding period in 1935. ICC figures show 10 persons were killed and 50 injured in 42 daylight accidents, and 11 deaths and 73 injuries occurred in 45 night mishaps. The Texas accident total was eight more than in New York State, but substantially less than California's 109, Illinois' 182, and Ohio's 134.

Tax-Shay.

Tulsa, Okla., Nov. 6. (AP)—The latest in taxi service here, said two company managers, is "blotto service." It's like this: A motorist attends a convivial gathering, eventually feels unequal to the task of driving home, and telephones for "blotto service." Out comes a cab with two drivers. One takes him home, the other follows with his car. The charge is double fare.

The last known passenger pigeon died September 1, 1914.

Everything's Jim-Dandy Now

Although the London musical production backed by Jimmie Donahue, heir to the Woolworth millions, and starring Ruth Etting of stage and screen fame, lasted for only one performance, neither seemed at all disturbed when they arrived in New York aboard the S. S. Normandie. Both denied having had an argument over salary checks. Miss Etting said, "Jimmy has been simply swell," and Donahue, admitting the London show cost about \$50,000, talked of plans for another production in New York.

WELL KNOWN SINGER TO ASSIST IN REVIVAL HERE

T. M. Cunningham of Fort Worth, who will conduct the singing during evangelistic services Nov. 8-15 at the Federated Presbyterian Church, is one of the most capable song leaders in the State, according to those who have attended services in which he had a part.

His voice training includes work under Rulon Y. Robinson of the New England Conservatory of Music, Gladstone Jackson of Boston University, and Sergei Klbanaki of New York. In 1923 he led song services in revivals conducted by the noted evangelist, Gypsy Smith.

In addition to engagements in leading churches throughout the State, Mr. Cunningham has conducted several radio features in music, outstanding of which was the "Hymn Program" in 1935 over KAT, Fort Worth. He was second tenor in two

professional quartets in Fort Worth which had regular engagements over various radio stations.

The evangelistic services opening here Sunday morning will be conducted by Rev. Manford George Gutzke, D. D., of Sherman, professor of English Bible at Austin College. Services will be held each evening at 7:30 o'clock and each morning on week days at 10 o'clock.

The pastor of the church, Rev. Horace N. Cunningham, who is related to T. M. Cunningham, will assist in the services.

The Wild West.

Chicago, Nov. 6. (AP)—Mrs. Maria Ellis Kepner Reagan, a great grandmother celebrating her 99th birthday anniversary, is still a confirmed Broadway-ite after 47 years in the Midwest. "I belong in the East," she said. "I just can't get used to being away out here." Her only formula for longevity: "Have the right kind of ancestors."

DENVER DEATH CASE STUDIED

WITNESS SOUGHT WHILE
COPS PONDER SLAYING
OF TWO MEN

Denver, Nov. 6. (AP)—Detectives sought Friday a man known only as "Shorty," who, Captain James Childers said, probably could settle whether the deaths of a young ex-soldier and a taxi driver were a murder-suicide or a double murder.

A road worker discovered the body of Claude Glenn, 36, the taxi operator, in a ditch near Municipal Airport late Thursday. There was a bullet hole through the head and the body was covered with dirt and leaves. Childers said Glenn was murdered.

George W. Preston, 20, who received a disability discharge from the Army last month, was found lying in Glenn's wrecked and blood-drenched cab in a fashionable residential district early Tuesday morning.

A bullet had entered Preston's head, also, and in his lap was an automatic pistol with two cartridges missing from the clip. Three empty shells were found on the floor.

Captain Childers said the obvious assumption was that Preston shot Glenn, dumped the body in the ditch and then committed suicide because of Miss Nadine Lorraine, 25, a maid, who told Childers she and the youth had quarreled.

While refusing to discuss further theories, Childers indicated "Shorty" was necessary before the case could be closed.

The missing man and Preston, whose parents live at El Rita, Calif., hired Glenn's cab in downtown Denver late Monday night, an hour before Preston was found lying outside the home where Miss Lorraine was employed.

No Contest.

Lincoln, Neb., Nov. 6. (AP)—Leonard Jacobson was turned down in a request he submitted to Mayor Charles W. Bryan, but it's all right with Leonard. The request was for permission to pay off an election bet by pushing a peanut down the main street with his nose. Mayor Bryan demurred because of the traffic hazard. Yes, Jacobson bet on Governor Landon.

Tragedy.

Pittsburgh, Nov. 6. (AP)—Fifteen-year-old James Bjorkland tumbling in his English theme rating swimming—in which he was taking lessons—a much safer sport than football, then went to the high school pool for a plunge. A few hours later he was dead of a fractured skull received in a dive as he fell into the pool.
